

Trip to Fagan Park

Resident from Hardi Aged Care Manly Vale had an amazing time driving down to Fagan Park, Galston. Tucked away from bustling busy Sydney areas, Fagan park is one of the places that we felt like coming again and again. As the bus drove through Dural the residents said "it gave them the feeling of being in the country" they spotted horses, sheep and goats. Large open grassy areas with beautiful garden shelters and lakes, theme gardens makes this spot perfect place for an outing. Resident enjoyed having picnic lunch sitting in the shelter, socialising and sharing jokes with each other. The lovely, sunny and bright day did justice for the trip. Resident thoroughly enjoyed the moment of joy and happiness being outside. One of our residents did mention 'Fagan Park is so peaceful, calm and amazingly beautiful that you would forget that this wonderful place is in Sydney'.

This beautiful trip to Fagan Park made wonderful day out for Hardi Manly Vale family.
