

Visitation update for everyone entering a Hardi Aged Care Facility

Given the current risk of COVID-19 now in the community the below process have been implemented at this Facility:

- Anyone with fever or respiratory symptoms, even mild, will not be able to enter the facility. You need to be at home and seek COVID-19 testing and self-isolate 14 days.
- Any visitors and/or contractors who have been in Victoria in the last two weeks, will not be able to enter the facility until 14 days since their last visit.
- Until the end of July, visitors and / or contractors who have visited the following government areas in the last two weeks will not be able to enter the facility - Liverpool, Campbelltown, Camden, Wingecarribee and Wollondilly
- All Aged Care Staff that live in the above South Western Sydney local government areas are to come to work but must wear a surgical mask at all times while in the facility
- Staff and visitors who have visited any of the locations linked to the COVID-19 outbreak in South Western Sydney will not be able to access this facility for 14 days since their last visit to the listed locations (please see list below). We will endeavour to update the list accordingly however, we encourage you to go to the below website for updated details.
<https://www.health.nsw.gov.au/news/Pages/2020-nsw-health.aspx#>

As always, we encourage phone calls, video calls and other social communication apps to keep residents and loved ones connected during this time. The FMT at you're facility are happy to help set this up.

Latest COVID-19 case locations in NSW

Crossroads Hotel and Planet Fitness in Casula, and Picton Hotel in Picton

If you attended the Crossroads Hotel or Planet Fitness in Casula, or the Picton Hotel in Picton on the dates below:

- immediately self-isolate until 14 days after you were last there
- get tested even if you have no symptoms
- watch for COVID-19 symptoms and get retested should any symptoms recur
- even if you get a negative test, you must stay in isolation for 14 days (this is because it can take 14 days before you may show symptoms or test positive).
