

MOVING IN TO HARDI SUMMER HILL

At Hardi Summer Hill (also known as Wyoming), we believe that our home is your home, so we encourage our residents to personalise their space and bring in items and mementos that have meaning for them.

We provide furniture including a wardrobe, bedside table with lockable drawers and a comfortable lounge style chair.

Wyoming offers permanent and respite care options, however prior to moving in, you will need to have an assessment completed by an Aged Care Assessment Team (ACAT) member.

We are happy to explain this process to you, as sometimes it can seem daunting and confusing.

HARDI SUMMER HILL

"Where Enjoying Life Matters"

WE BELIEVE THAT ENJOYING LIFE MATTERS

The Hardi philosophy is that 'Enjoying Life Matters;' regardless of age or financial situation. Across its six homes, Hardi employs dedicated 'lifestyle' staff to coordinate fun activities, including celebrations that acknowledge international and cultural days, armchair travel to various global destinations, indoor bowling, bingo, musical events and it also regularly invites local performers to the home to entertain residents.

Hardi has its own mini bus, and residents enjoy regular day trips or outings on the bus for morning or afternoon teas to various destinations around greater Sydney.

OUR SUMMER HILL HOME

Hardi Summer Hill (also known as Wyoming) recently underwent a refurbishment to maintain its heritage sandstone and wrought iron facade. It now looks at home in the midst of the village atmosphere of Sydney's inner west, among terrace houses and heritage buildings.

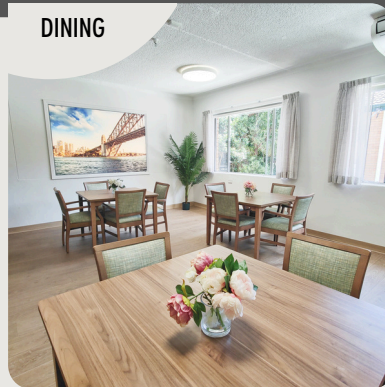

Only a short walk from the local shops in Summer Hill village and opposite the train station, Hardi Summer Hill is easily accessible by public transport. It is only a few minutes from

Parramatta Road, and easy to get to via the new motorways.

Set over three floors, Wyoming has lift access and caters for residents at all levels of physical and cognitive health.

Residents can make the most of the large outdoor area at the home, having meals outdoors in the warmer weather. There is plenty of room to play games, such as putt-putt golf and bowling. Hardi Summer Hill also has spacious indoor areas, where residents can take part in activities, be entertained by visiting musicians, or simply sit and relax.
