

MOVING IN TO HARDI MANLY VALE

At Hardi Manly Vale, we believe that our home is your home, so we encourage our residents to personalise their space and bring in items and mementos that have meaning for them. Our newly renovated rooms, dining, and lounge areas are designed to provide a modern, comfortable, and welcoming environment that enhances the overall living experience.

We provide furniture including a wardrobe, bedside table with lockable drawers, and a comfortable lounge-style chair.

Hardi Manly Vale offers both permanent and respite care options. However, prior to moving in, you will need to have an assessment completed by an Aged Care Assessment Team (ACAT) member.

We are happy to explain this process to you, as we understand it can sometimes seem daunting and confusing.

HARDI MANLY VALE

WE BELIEVE THAT ENJOYING LIFE MATTERS

The Hardi philosophy is that 'Enjoying Life Matters;' regardless of age or financial situation. Across its six homes, Hardi employs dedicated 'lifestyle' staff to coordinate fun activities, including celebrations that acknowledge international and cultural days, armchair travel to various global destinations, indoor bowling, bingo, musical events and it also regularly invites local performers to the home to entertain residents.

Hardi has its own mini bus, and residents enjoy regular day trips or outings on the bus for morning or afternoon teas to various destinations around greater Sydney.
