

MOVING IN TO HARDI BLACKTOWN

At Hardi Blacktown, we believe that our home is your home, so we encourage our residents to personalise their space and bring in items and mementos that have meaning for them.

We provide furniture including a wardrobe, bedside table with lockable drawers and a comfortable lounge style chair.

Hardi Blacktown offers permanent and respite care options, however prior to moving in, you will need to have an assessment completed by an Aged Care Assessment Team (ACAT) member.

We are happy to explain this process to you, as sometimes it can seem daunting and confusing.

HARDI BLACKTOWN

"Where Enjoying Life Matters"

WE BELIEVE THAT ENJOYING LIFE MATTERS

The Hardi philosophy is that 'Enjoying Life Matters;' regardless of age or financial situation. Across its six homes, Hardi employs dedicated 'lifestyle' staff to coordinate fun activities, including celebrations that acknowledge international and cultural days, armchair travel to various global destinations, indoor bowling, bingo, musical events and it also regularly invites local performers to the home to entertain residents.

Hardi has its own mini bus, and residents enjoy regular day trips or outings on the bus for morning or afternoon teas to various destinations around greater Sydney.

OUR BLACKTOWN HOME

At Hardi Aged Care Blacktown, all single rooms, dining, and lounge areas have recently been renovated to provide residents with even more comfort and style. You can relax in the rooftop entertaining area or enjoy a cup of tea with loved ones in one of the many refreshed lounge spaces.

Whether you prefer a little more privacy or enjoy the company of others, our newly renovated single or companion rooms are designed to make you feel right at home. In addition, we offer the comfort of over 30 private suites with ensuites for those wanting extra service.

Our residents gain enjoyment from our team of dedicated lifestyle staff, who have put together an entertaining and highly engaging activities program. Our qualified team appreciate that each resident has different needs and preferences and offer time for interaction as well as independence and individuality.

We are located in close proximity to Westpoint Shopping Centre, Blacktown City Council Library, Blacktown Arts Centre, Blacktown RSL Club, and Blacktown Showground. Local parks and medical facilities are also nearby. Access by public transport is a train to Blacktown train station and a short bus trip, which stops metres from the home.
